

## HUGGINS HOSPITAL Financial Assistance

Consistent with our mission to provide high quality health care services and to promote wellbeing in the communities we serve, Huggins Hospital is committed to providing free or discounted care to individuals who are in need of emergency or medically necessary treatment and have a household income below 300% of the Federal Poverty Level (FPL) Guidelines.

**Financial Counselors are available Monday through Friday, from 8 AM until 4 PM to discuss the application process at 603.569.7684.**

Along with our commitment to providing free or discounted care to the individuals mentioned above, the following will also support our non-profit mission:

- Individuals who qualify for financial assistance will not be charged more than the average amounts generally billed to insured patients, for emergency or medically necessary care.
- Huggins Hospital will not pursue extraordinary collections actions against any individual without first using reasonable efforts to determine if such individual is eligible for financial assistance.
